

# 2020-2021 Generosity Report

*Our mission is to strengthen the life of the church by educating women and men for ministry, enlivening critical reflection on faith, and supporting bold Christian discipleship.*

# Message from President

Looking across this last year, we at Eden Theological Seminary have been taking stock of the provision of God. Hearing Biblical echoes of the wilderness wandering, we have noted common threads of fear, risk, trust, sharing, community, and abundance. It's been a remarkable year, and through it all we can shout with thanks that God's grace has been sufficient.

Early in the year, I was honored to be inaugurated as Eden's 14th President, and I have been blessed to work with a brilliant faculty and talented staff who have centered our attention on the lives and callings of Eden's students and the life of the church throughout this challenging year. Together we have rebuilt the school from its predominantly residential mode of instruction to a blended space in which physically and digitally present people teach, learn, worship, and share fellowship together in a vibrant community of learning and faith. As we have been about this work, we have delighted in the evidence that Eden's alumni are leading congregations, organizations, and communities of the church in similar institutional transformations. God is good!

Throughout this journey, we on the faculty and staff have been moved by the vitality of Eden's constituencies of alumni, students, and friends who have attended digital, physical, and blended programs through which Eden has shared its mission in new ways. We have been inspired by the generosity of a growing community of donors who have responded to the Seminary's programming and new modes of access with messages of encouragement and gifts of support. In all of this we see God's provision and love as we work to trust and move with the Spirit's guiding through these times of challenge, change, and opportunity.

It is in hope and with thanksgiving for God's provision that we share this annual report.

Blessings in the New Year,

Deb

*Recovering Communion in a Violent World: Resistance,  
Resilience, and Risk*

The act of breaking and eating a body in Holy Communion forms us over time. What if that’s not such a good thing? *Recovering Communion in a Violent World* provides an unblinking examination of the ritualized reenactment of the violence done to Jesus in Holy Communion, using insights from the fields of ritual studies and trauma theory. Then, drawing upon recent research in Christian origins, the book raises possibilities for sacramental meal practices that don’t ignore the death of Jesus but respond to it differently. Rather than colluding with systems of violence, these alternative practices respond to violence in our world by continuing to collaborate with the persistence and resilience of God, as well as with the realm of God still coming near. The result is a groundbreaking exploration that is both unflinching in its critique and passionate in its argument for the place of renewed Christian meal practices.

*The SAGE Encyclopedia of Children and Childhood Studies*

The SAGE Encyclopedia of Children and Childhood Studies navigates our understanding of the historical, political, social and cultural dimensions of childhood. Transdisciplinary and transnational in content and scope, the Encyclopedia both reflects and enables the wide range of approaches, fields and understandings that have been brought to bear on the ever-transforming problem of the “child” over the last four decades.

*Doing Theology with Humility, Generosity, and Wonder: A Christian Theology of Pluralism*

This book looks at how Christians can think about their own theology in a manner that will allow them to not only be more open to interfaith dialogue but also to see that conversation as essential to what it means to be Christian. For much of history, Christian theology has been used to undergird and justify imperial power. This has required a theological construction that advances a vision of belief that stands above and against the world and other faiths, or at the very least acts as the one vision under which all the others must unite.

Paul Vasile, Director of Music

Song “Glory to God, Whose Goodness Shines on Me” was published in All Creation Sings, the new music/liturgy supplement to the Evangelical Lutheran Worship book. It is also published in the new Voices Together hymnal of the Mennonite Church along with “God Calls You Good,” a song celebrating LGBTQIA+ bodies and experiences.

“It is essential that we form our identities in a world context and failure to do that... is going to endanger humankind and the earth itself... in the long run. ## 1 Cor. 1:4... With gratitude, we give thanks for you

Thanks to the generosity of our individual and alumni donors, Eden Seminary's transformational impact is evident around the globe. Foundations and corporate gifts expand that influence. We give special thanks also, to congregations that provide gifts directly to Eden, through denominational conferences and associations and through the CUE (Chicago, United, Eden) UCC Seminaries office. We are grateful for your part in sharing in the work of educating women and men for ministry, enlivening critical reflection on faith and supporting bold, Christian discipleship.
